**Purpose:** To communicate a new workgroup charge for IPLT, effective 10-15-09.

**Announcement:** During the 2009 CMHAMM Retreat, the practicality of having a uniform assessment tool affiliation-wide for adults with mental illness was discussed. There was consensus that exploration of such a tool be recommended to the CMHAMM Executive Advisory Committee for further consideration. On October 15, 2009, the CMHAMM Executive Advisory Committee reviewed/discussed the recommendation from the retreat and requested that the Director of Affiliation Operations issue a workgroup charge to IPLT instructing them to review the assessment tools currently available/appropriate for CMH use and recommend one that could be used affiliation-wide for adults with mental illness.

The attached Workgroup Charge Form represents the related charge issued to IPLT on 10-15-09.
